While under contract with [redacted], while attending to duties on his property
On the day of April 23rd, 2024 I was parked behind Asian Star restaurant at approximately 6:30 PM when I was met by Officer Javonte Coleman of the Marion PD. He asked me what I was doing there, I responded that I was waiting for a homeless person to show up that had been camping on the property for the last four evenings "that we had contacted Marion PD previously over" and scaring the tenants. Officer Coleman then asked if I had seen anybody on a bicycle ride by, I responded by telling him yes, there were three people on bikes, heading down Industrial Street. He then asked me, so you're doing security? I responded, kind of, Officer Coleman then said OK and I told him to be safe out there. After a few more hours of sitting and waiting, I repositioned my vehicle to behind the area that is behind AutoZone complex at around nine or somewhere about that time I encountered Mr. [redacted], walking to the dumpster that is behind the AutoZone complex coming from the front of the building, walking in a grassy median that divides the UPS properties and ours, in the dumpster was carpet that I had picked up earlier that day from said grassy median area, along with several pallets that had been placed to make a makeshift bed/house. I introduced myself as the property manager, and he became very belligerent at that time I took his picture and told him that he was not allowed to camp back here that this was private property, when he stated that I had stolen all of his stuff along with $2000 he started walking back towards the front of the building by way of grassy median with his laundry basket in hand that had stuff in it that he picked from said grassy median area where he was planning on camping again, when he stopped in front of Asian star, where he became belligerent again, and then I called Marion PD, letting them know that I needed assistance, trespassing an individual, within a few minutes of me hanging up Officer Javonte Coleman showed up, he asked me what was going on. I pointed out Mr. [redacted] to him and I requested that he be trespassed from the property. Officer Coleman then proceeded to drive over to Mr. [redacted] who was at Banterra Bank parking lot by this time. I proceeded back to my vehicle which was located behind the AutoZone complex, I got in the truck and went back to the front of the building parking area of the Asian Star restaurant which we own. Where at this time I see Sergeant William Peter Huddleston, pull up and converse with officer Coleman. After a few minutes, I see Sergeant Huddleston wave me over to them, I get out of my vehicle that is still parked on our property, cover my gun with my shirt because I know I will not be on our property at this point, and walk over to Sergeant Huddleston, who introduces himself with a name, badge number, and lets me know he's with Marion PD I shake his hand and say yes we've met before, and he asked me if I personally owned the property, I say we own the entire complex, the one south of it and the one south of that, he asked do you personally on this property? I replied no he then asked do you have a perk card? I asked him to repeat that, and he did. My reply was no I do not. He then informs me that I am being arrested for UUW. I asked Sergeant Huddleston did you see my gun uncovered? He replied back with we all know you open carry and he instructed me to put my hands on his vehicle which I did. I inform Sergeant Huddleston that I have permission from the landowner to open carry on his property, officer Huddleston replied with, it doesn't work that way. They then try to get my gun out of my holster and after several attempts of not being able to figure out how, I convince them to let me do it before someone gets shot, it's a level two security holster that has a lock that has to be released. After removing my firearm Sergeant Huddleston then places me in handcuffs while telling me I will be arrested every time I come out here with my firearm

harassing the public. I never presented my conceal carry card which I didn't have the opportunity to because no one ever asked and I was on private property with the land owners permission, working in my capacity as an asset manager. Also I would like to state that I watched the body cam footage and found it very interesting that Officer Huddlestons body cam footage was edited to shut off right before he says this is the same son of a bitch from Ingersoll lane and this mother fucker is a menace to society that was caught on Officer Colemans body cam footage which leads back to my sons arrest for violating an OP that he was served on 5 minutes before his arrest while he was in his home that had been burglarized by [redacted] while Marion PD were present at that address multiple hours before he was served the OP which happend to be SRGT Huddleston and Officer Coleman which they had been ordering to get out of his own home for almost an hour before said OP had arrived that he knew nothing about.I have photos of the home after her first initial visit after exercising the OP before [redacted] was ever served. Multiple items were taken from the home with police presence that belonged to [redacted] but he wasn't allowed to take anything. Officer Coleman kept saying it was disputed property he couldn't take anything. Yet she was allowed to take what she wanted and destroy the remainder of his effects. This is the link between the 2 incidents. Between January 4th and February 5th Officers were called to the Ingersoll lane address multiple times Due to Miss [redacted] repeated attempts to enter the residents at one incident her mother came in with a ball bat and struck [redacted] in the head "Class X Felony and nobody went to jail.

The cad reports will show everything you need to put this together

Sincerely [redacted]
